

EXECUTIVE COACHING

In this process we work with heads and executive heads to unlock the potential to produce brilliant outcomes. This dynamic and challenging process enables you to tap into a powerful model which provides a supportive framework for you to succeed.

LEADERSHIP COACHING

These sessions are designed to increase the capacity of your leadership team through a structured programme of professional support and challenge. This professional coaching links the professional needs of your leaders with the key priorities of your school.

COST

Our costs are based on coaching taking place in your school.

A series of 5 1:1 sessions
(min of 1 hour each) £425

Group coaching 5 sessions
(up to 6 members of staff min 1.5 hours £850)

Are you passionate and determined to maximise the strengths of your team and improve outcomes for your school?

Our coaching approach provides individuals with a sustainable individualised model for professional growth, increased effectiveness, motivation and greater autonomy linked to school priorities.

Through coaching you will:

- Improve commitment, clarity and impact;**
- Increase the effectiveness of your team;**
- Accelerate leadership capacity;**
- Increase motivation and**
- Maximise staff development and retention.**

Building in reflection time was one of 7 key actions recommended in Leadership Focus 2017

GROUP COACHING

The coaching model is used for key groups within your school community to provide support and increase their motivation and effectiveness. A useful and cost-effective approach to developing subject leaders, new and recently qualified staff, key support staff or other groups.

FAST TRACK COACHING

This is an effective recruitment and retention strategy focussing on increasing the capacity and skills of key staff who you believe could play a major part in the future drive for success in your school.
